

Moreno Valley Utility commercial customers who complete the purchase and installation of a charging station within 180 days are eligible for our CLEAN Charge Program (Commercial EV Assistance for New Energy). Commercial customers may apply for a \$1,000 rebate toward the purchase and installation of up to 20 charging stations, with a rebate cap of \$20,000 per customer.

**\$1000 - Electric Vehicle Rebate Qualifications:**

- Customer must be a **Moreno Valley Utility commercial customer**.
- Customer must provide a copy (or copies) of the purchase receipt(s) for the charging station(s).
- Charging station must be a new, stationary charger, installed at the commercial location listed on the application. Mobile chargers or plug-in chargers (including those with 240V receptacles) do not qualify.
- All documentation must be submitted within 180 days of project completion to be eligible for the rebate.
- Customer is responsible for obtaining all required permits from The City of Moreno Valley Building and Safety.

| <input type="checkbox"/> Photo of installed charger(s)   | <input type="checkbox"/> Copy of the installation receipt(s)             |

## REBATE TERMS & CONDITIONS

- For all application submission methods, any additional documentation requirements and notifications will be communicated via email. Please provide a valid email address.
- Rebate check time frame: If all program requirements are met, a rebate check is generally mailed within 6 – 8 weeks of application approval date, unless the application is selected for inspection, which may take additional time.
- Limited Funds: The incentive offer is on a first-come, first-served basis and is effective until funding is expended, or the program is discontinued. Rebates are not guaranteed and may be terminated without prior notice.
- Rebates will be paid to the customer of record (primary or secondary name on the electrical service account) or the owner of the property and cannot be assigned to a contractor or other third party.
- Moreno Valley Utility does not warrant, endorse or assume liability for the quality, performance, or safety of the contractor and/or retailer or wholesaler. Performance of any product and acceptance of materials used is solely the customer's responsibility.
- Customers are advised to **keep a copy** of their completed application with required documentation (including invoices, receipts, etc..) for their records.
- Applicant is responsible for meeting all program requirements and for checking with State/County/City governments regarding local conditions, restrictions, codes, ordinances, rules and regulations prior to installation.
- The charging station must be new and installed at the commercial service address listed on the application prior to submittal of an application. Resale units, rentals, or leased units do not qualify.
- The rebate applicant will install the new EV charger that has never been installed at another location.
- All documentation must be submitted within 180 days of purchase for charging stations installed to qualify for rebate.
- To receive a rebate, customer must allow an onsite inspection if requested. The rebate will not be paid if participation in any required pre-payment verification is refused. Projects may be selected for evaluation studies and/or program measurement by external contractors appointed by MVU. These types of studies are used to analyze current program performance and improve future programs.
- By participating in the rebate program, the customer agrees to continue using the incentive equipment for the service life of the product (as per manufacturer's recommendations). If the customer does not comply with this requirement, MVU has the right to seek a refund for a prorated amount of the original incentive initially paid to the customer. For purposes of the commercial program the "purchase price" includes unit cost plus installation labor. This charge applies to vendor labor only. Sales tax is not included in the item's purchase price.
- Customer must provide proof-of-purchase for the charging station they are applying for a rebate with each rebate application. This documentation should include all of the following information: Customer name and address; Text description of equipment purchased; Make or brand name and model number; serial number and receipt/invoice that shows fully paid.
- Customer must provide proof-of-installation of the charging station they are applying for a rebate with each rebate application. This documentation should include all of the following information: Customer name and address; Text description of equipment installation; and receipt/invoice that shows fully paid.

**TAX LIABILITY—Rebates and incentives may be taxable. Customers are advised to seek guidance from their tax advisor regarding the tax implications of rebates. MVU is not responsible for any taxes that may be imposed on the customer as a result receiving a rebate.**

**APPLICATION REQUIREMENTS:**

- This signed and dated application, copies of all documentation required must be submitted to Moreno Valley Utility.
- The applicant is responsible for filling out the application completely, truthfully and accurate.

**PAYMENT:**

- Payment of the rebate is conditional that all supporting documentation be submitted with the application. Delays in proper documentation will delay the rebate delivery.
- Moreno Valley Utility will mail rebate checks within 6-8 weeks of an approved application.

**By signing this form, I certify that I have read and understand the terms and conditions of the Commercial Electric Vehicle Rebate program. The information I have provided is true and correct and the rebate for which I am requesting meets the requirements as stated on this application.**
